The ordinance outlines restrictions on gifts, prohibits officials from hiring or awarding contracts to immediate family members unless through competitive bidding with full public disclosure, and requires written disclosure and recusal in matters involving conflicts of interest. The goal is to clarify standards and address historical concerns around nepotism and no-bid contracts.

Discussion followed regarding political activity restrictions. The board clarified that townshipsponsored events such as Easter egg hunts or Touch-a-Truck are acceptable when conducted in an official capacity without political campaigning or use of township resources for electioneering.

Mike Shorten, Supervisor Nunda Township 3510 Bay Rd. Crystal Lake, IL 60012 May 30, 2025

Dear Mr. Shorten:

I appreciated the opportunity to meet with you and discuss the financial functions of the Nunda Township. It was interesting to hear about the various parts of the Township and the opportunities that are coming ahead.

Our firm is are familiar with the various functions of small municipals and believe that we can assist you in filling the roll for professional services—performing the accounting functions for the Township. These duties include: Processing AP, Payroll/Agency Filings, Monthly Board Reports, Assisting with Budgeting, Appropriation Ordinance, and Tax Levy Ordinance. We provide other municipals with these same functions and are confident that we will be able to assist the Nunda Township in an efficient and cost-effective arrangement. Our intent in this proposal is to give the general framework for providing services. We realize that the activities and functions to be performed are varied and anticipate working closely with you, being provided direction as to specific needs and duties on a continuing basis. However, if a more formal contract is required, we would be willing to provide one. Currently we are willing to work on a month to month basis as a vendor of the Township and at the sole discretion of the Township.

As we discussed, we anticipate about 10 hours per week initially and this could fluctuate depending on the monthly schedule of activities. Based on that assumption, and our high level of operational efficiency, I would propose an hourly rate of \$85 per hour. Because of our close proximity travel time and expense will not be billable time. I would also propose that for budgeting purposes we limit monthly billing to \$2,500. Additionally, based on our experience we expect our annual billing not exceed \$30,000. Accordingly, the estimate is based upon the activities listed; however, if there are other special projects or functions that cause us to exceed our normal billing we would bill for those hours. Before any expansion of duties or special projects we will estimate the time and provide that estimate for approval prior to any additional billing. We would submit billing monthly following each month ending and be paid similar to the normal terms of the Township's vendors.

We can be flexible in the scheduling of the hours we are available, but would prefer to schedule time in at least blocks of 4 hours at a time to provide for more efficient time management. However, we can be available on a schedule that is most efficient for the Township. We can also, be available in the evenings for some of the Township meetings, if necessary.

Х

Again, we appreciate the opportunity to work with the Township and look to forward talking with you soon.

Sincerely,

Х

Kyle Bussenger, Township Clerk

Governmental Accounting & Professional Services, LLC

Mike Shorten, Supervisor Nunda Township 3510 Bay Rd. Crystal Lake, IL 60012

Dear Mr. Shorten:

I appreciate the opportunity to provide you with a proposal for your upcoming QuickBooks file consolidation.

Our firm is familiar with the various functions of not-for-profit and small municipals and believe that we can assist you with your QuickBooks file consolidation. We have provided other municipal organizations with these same functions and are confident that we will be able to assist Nunda Township in an efficient and cost-effective arrangement. Our intent in this proposal is to give the general framework for providing services. We realize that the activities and functions to be performed are varied and anticipate working closely with you, being provided direction as to your specific needs. If a more formal contract is required, we will be ready to provide one.

We anticipate that it will take about 35 hours to consolidate multiple QuickBooks files into two company files. Based on that assumption and our high level of operational efficiency, I would propose a fee not to exceed \$3,000. We will:

- set up the chart of accounts in one QuickBooks file based on current account structure
- post and class all transactions from April 1, 2025 client implementation date
- reconcile all accounts and tie them to the trial balance from April 1, 2025 client implementation date
- verify/set up all payroll functions for accurate posting
- create monthly board reports to your specifications
- provide 2 hours of review about the updates to the consolidated QuickBooks file

This estimate is based upon the activities listed. If there are other special projects or functions that cause us to exceed our normal billing, we will bill for those hours at \$85 per hour. Before any expansion of duties or special projects are started, we will estimate the time and provide that estimate for your approval. We will submit billing upon project completion.

We will be flexible in the scheduling and will work with you on scheduling.

Again, we appreciate the opportunity to work with the Township and look forward to talking with you soon.

Sincerely,

Tepine Anchus
